

# Simple Sums

Solve the sums and then help Cheeky Monkey find which route leads to his yummy banana lunch.

You will need:

- Pen or pencil
- Your thinking cap!
- An adult to check your answers!

$$\text{3 bananas} + \text{4 bananas} = \boxed{\phantom{00}}$$

$$\text{2 green lizards} + \text{3 red lizards} = \boxed{\phantom{00}}$$

$$\text{3 blue elephants} + \text{1 blue elephant} = \boxed{\phantom{00}}$$

$$\text{5 monkeys} - \text{1 monkey} = \boxed{\phantom{00}}$$

A maze puzzle with a monkey on the left and three paths labeled a, b, and c. Path a leads to a banana, path b leads to a fish skeleton, and path c leads to a sock.
